ON THE WALL**

Architectural Remnants™
Woodland Reclaim Old Original Dark L3101

Award-winning works of art that deserve to be hung on your walls

It all begins with the imagination of our design team. Drawing inspiration from art, nature, fashion and culture, they transform the latest interior trends into more than just a beautiful floor. It's also a **creative and dramatic wall décor** that personalizes a space and captures one's eye.

Our award-winning design technologies give our designers the freedom to create trend-setting looks. They know any extraordinary combination of colors and textures that they imagine can be brought to life through our exclusive design technologies.

ARCHITECTURAL REMNANTS™

Weathered charm

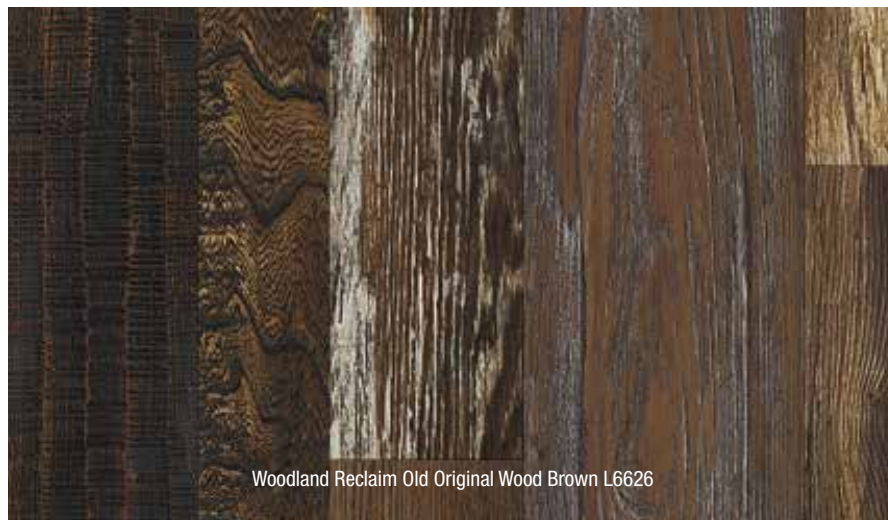

Inspired by driftwood with its deep grays and warm undertones, the planks appear to have withstood years of exposure to the wind, sun and sea. The beauty of the coast is translated onto your walls with visual texture and natural charm.

ARCHITECTURAL REMNANTS™

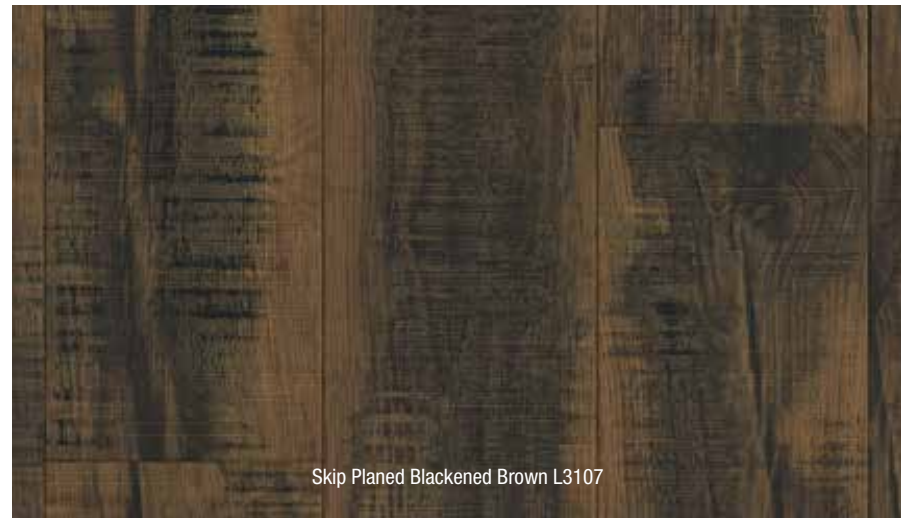

Create stunning rooms that demand attention with textural, rustic, reclaimed hardwood looks on the wall.

ARCHITECTURAL REMNANTS™

Change up any room in your home with a spectacular accent wall, gorgeous wainscoting, eye-catching inset... the possibilities are infinite!

Rustic beauty

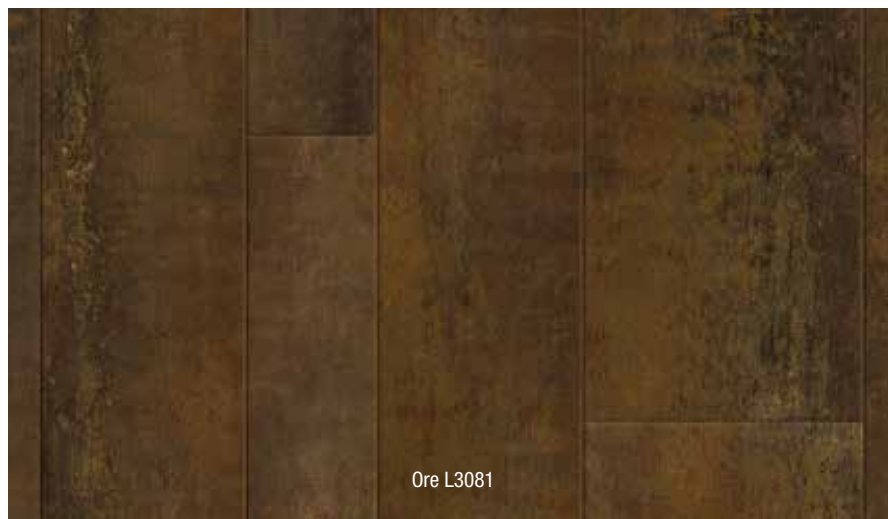

Rough-hewn planks of white oak are deeply textured with knots and saw marks to create a rustic look. This unpolished look brings to mind the simple country cabins and hand crafted furniture of generations past while being perfectly in step with current interior trends.

COASTAL LIVING® PATINA

Unexpected materials

Creative designers have taken laminate beyond the standard woods and stones to embrace unexpected materials. Sea Wall uses random widths and texture to create the effect of precast cement weathered by sand and saltwater. With a shift in color, it becomes Ore, reclaimed metal from the ocean floor, pitted with age for a rich patina.

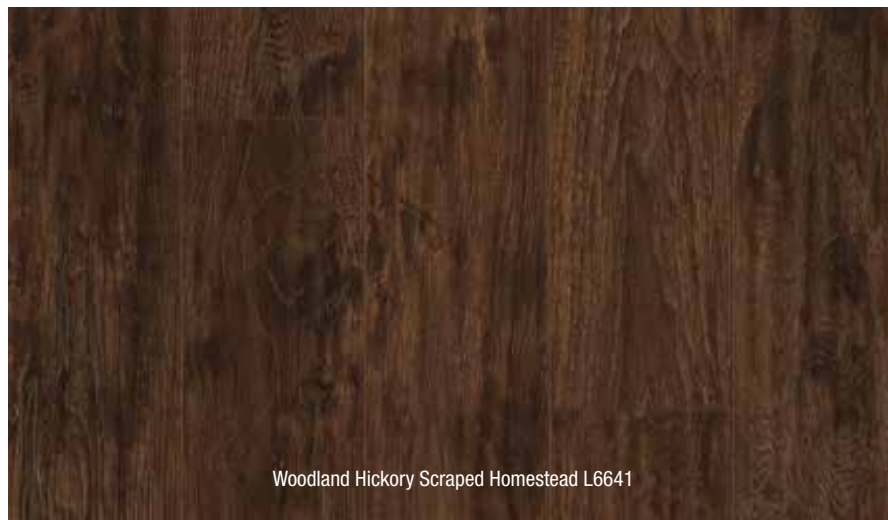

RUSTICS™ PREMIUM

Hand-crafted texture

Create a modern blend of hand-crafted and contemporary beauty with this wire-brushed oak look that accentuates muted colors and complements with rich graining.

RUSTICS™ PREMIUM

Whether it's just time for an update, a new room or even the need to cover up a wall disaster – laminate flooring on your walls is simple enough for a weekend DIY project.

RUSTICS™ PREMIUM

RUSTICS™ PREMIUM

Unique harmony

White oak, red oak and hickory hardwood looks existing in unique harmony and embossed with texture to highlight the detail of each species.

RUSTICS™ PREMIUM

The character of chestnut's prominent knots and natural mineral streaks, burnished and stained by years of use, has been recreated with precise accuracy and realistic texture.

A true classic

The look of American oak embellished with a soft-scrape texture in an array of popular colors.

RUSTICS™ PREMIUM

More than just a pretty wall.

Natural beauty

Armstrong Flooring's ground breaking designs are brought to life in such brilliant detail; they are often mistaken for the real thing.

MasterWorks Technology® and **MasterWorks Technology with VTx™** surface texture create the clearest images, most vibrant colors and most realistic designs in laminate.

Outer protection

Armstrong wear protection means you can live life comfortably without living in fear of damaging your walls. Our **VisionGuard®** wear surface helps protect against scratches, stains, and fading. Cleaning is stress free.

Easy installation

Armstrong laminate on the walls can be installed in any room in the house – kitchen, living room, basement – even the bathroom. Plus, it installs over drywall or paneling with no mess and no hassle. **Lock&Fold®** is a simple DIY installation.

Details make all the difference.

Coordinating trim & molding

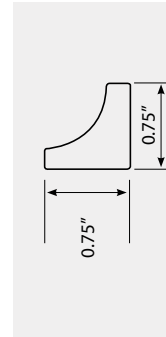

Molding and trim can completely transform a room. It's the equivalent of completing "the look" of your favorite outfit with the perfect shoes, or your best suit with just the right tie.

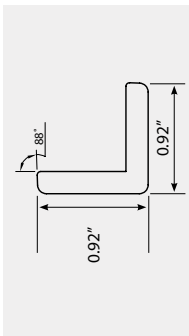

Wall base line the joint and covers the gap where the floor and wall meet.

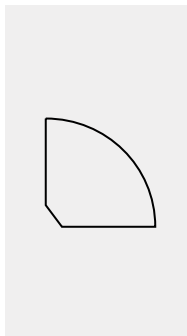

Chair rail breaks up the appearance of a wall for practical or decorative purposes.

Inner corner covers the corner where adjoining walls meet.

Outer corner covers the exposed exterior corner.

Quarter round the classic finish to your laminate floor, where wall and flooring meet.

Armstrong Flooring has you covered:

Hardwood • **Laminate** • Luxury Vinyl • Engineered Stone • Vinyl Sheet

For more than a century, Armstrong has been known and trusted the world over for consistent quality, innovative design and satisfied customers.

Armstrong is committed to helping you reduce the environmental impact of the buildings you create from product design and raw material selection, to how products are made and delivered. All Armstrong laminate flooring products meet the applicable CARB II emissions limits based on cores tested in accordance with the ASTM E1333-96 test method. All core suppliers to Armstrong are certified by a Third Party Certifier approved by California Air Resources Board to ensure compliance with CARB II. Low-emitting adhesives that are compliant with SCAQMD Rule #1168 are available. The majority of our products are manufactured in ISO 14001 certified facilities.

12 mm Lock&Fold® Laminate tested in accordance with ASTM E 84 and approved for Residential and Class C Commercial uses. Class C = 76 – 200 Flame Spread.
