

HARDWOOD

LAUDERHILL COLLECTION

European planks featuring wide widths and long lengths. Wire-brushed, open grain showcases the European White Oak species signature features. Meticulously beveled, sanded, wire-brushed, stained planks finished with our Maximus ultra-matte finish. Hand-filled knots and character splits reveal just enough to catch your eye. This is one of the most desirable characteristics of the floor. Offered in an array of inspired colors, and aligned with the latest trends in interior design.
