

16" Universal Mixing Paddle

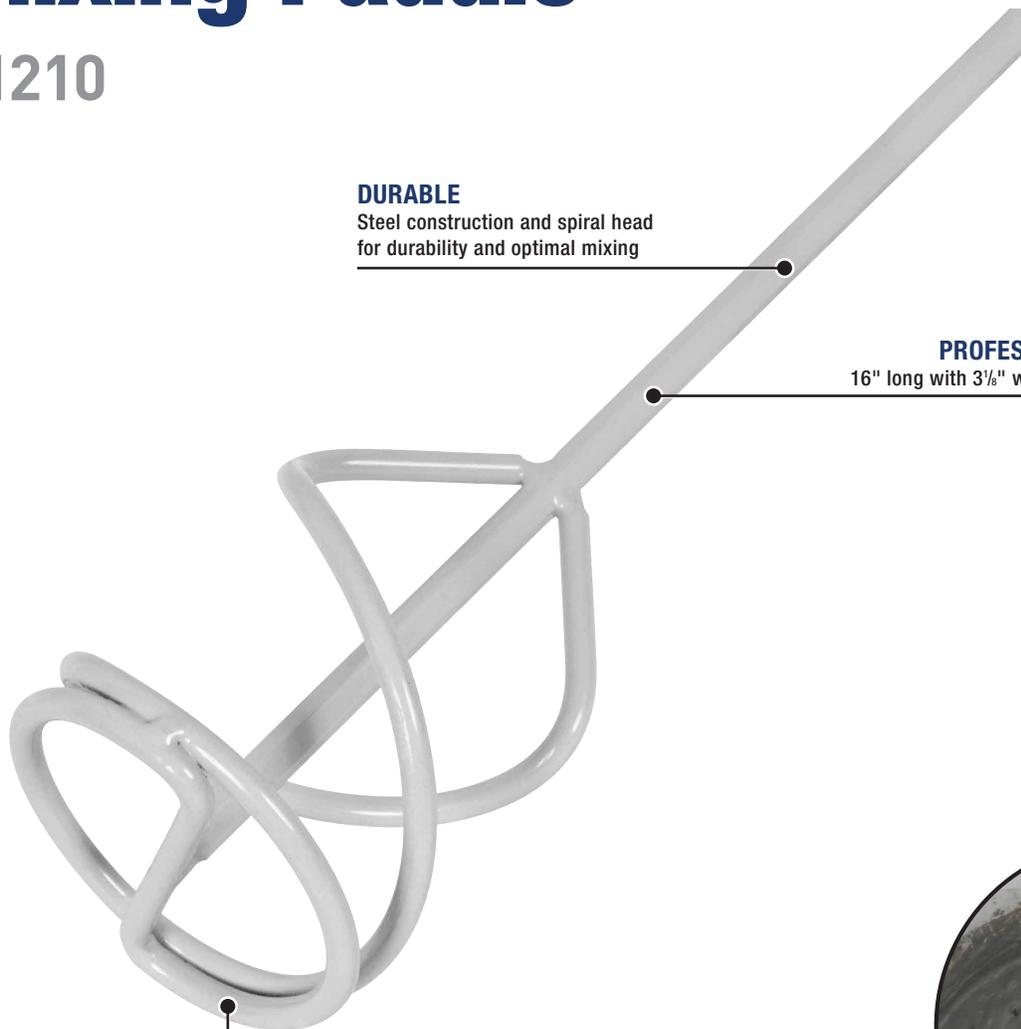

61210

DURABLE

Steel construction and spiral head for durability and optimal mixing

PROFESSIONAL

16" long with 3/8" wide blade

SMOOTHER MIXTURES

Minimizes foam and air bubbles for successful installs

FOR MIXING UP TO 5 LBS. OF GROUTS, THINSET AND OTHER SETTING MATERIALS

- Mixes mortar and thin-set with a power drill

The QEP® 16" Universal Mixing Paddle mixes small volumes of thinset, grout, mortar, cement and plaster. Designed to reduce torque and pressure on the drill, this paddle may be used with both corded and cordless drills. For optimal performance, mix up to 5 lbs. of material at a time. This mixing paddle minimizes foam and air bubbles for successful installations.
