

Letter from the President

I am proud to serve as only the 3rd President of The Adleta Corporation! When we became an ESOP, it solidified our future for our employee owners, our customers, and our suppliers. In a world of private equity, we can make decisions for the long-term benefit of our enterprise instead of what provides the best quarterly result for an investment banker.

Our leadership is focused on growth via sales increases, geographic expansion, acquisition, and finding leading edge products for our loyal partners. We maintain a deep inventory to support our partners in times of supply chain disruptions, tariffs, economic uncertainty, and any other factors which could impact the markets we serve.

Our company proudly “turns our inventory but not our people.” 25% of our team members have been with us for over 25 years and 50% have been with us for over 10 years. Those are remarkable statistics in today’s work environment.

OUR CORE TENANTS

- We are a “yes” company
- We are willing to do what others won’t in order to serve
- We build strong relationships with our employee owners, customers, and suppliers
- We believe in innovation
- We are fun

It is an honor to lead the Adleta Corporation as President. Our goal is to serve our customers and suppliers as the best industry partner while providing a secure future for our employee owners. Thank you for choosing Adleta!

Warm regards,
Matt Hafer
President
Adleta Corporation
